Properties

Range 801 Hinged support rail (rotatable)

- with floor support, to absorb vertical force
- two parallel rails running one above the other joined by a connecting bend
- for holding on to and providing support
- with continuous, corrosion resistant steel core and wall plate made of polyamide with integrated steel core
- left-hand version (seen from the view of the user), bend facing outwards
- can be folded upwards and, downwards with braked movement, and in the raised position can be turned to the right towards the wall
- floor support made-to-measure, for absorbing vertical force
- for wall mounting with wall-specific HEWI fixing material (must be ordered separately)
- sealing tape for sealing the fixing points is included in the scope of supply
- if mounted on lightweight walls, rear lining made of laminated timber boards at least 30 mm thick is required
- concealed fixing
- 850 mm projection, 259 mm high and 78 mm deep, 33 mm rail diameter
- made of high-quality polyamide according to HEWI colour chart
- toilet roll holder 801.50.011 and WC flushing mechanism (radio-controlled) 801.50.060 for retrofitting
- vertical loading capacity up to 300 kg, horizontal loading capacity in direction of additional wall support up to 100 kg
- produced in accordance with CE- and UKCA-Regulation (EU) 2017/745 on medical devices
- fulfils the DIN 18040, ÖNORM B1600/1601 and SIA 500 requirements
