Properties

Rail with shower head holder (suicide-inhibiting design)

- at the top end a 45° angle curved vertical rail, right-angled at the bottom, with fixing roses and shower head holder
- the form of the upper curve makes it difficult to fix ropes or cords at the top
- bottom fixing point should be installed on a height of 850 mm maximum
- shower head holder can be tilted and adjusted in height continuously
- · conical adapter on shower head holder makes it easier to hook in the handheld shower head
