Properties

Range 801 Hinged support rail (rotatable)

- with integrated flushing mechanism/function buttons, model E
- two parallel rails running one above the other joined by a connecting bend
- for holding on to and providing support
- weight capacity 100 kg
- with continuous, corrosion resistant steel core and wall plate made of polyamide with integrated steel core
- can be folded upwards and, folded downwards with braking mechanism, in raised position can be turned to left or right towards the wall
- silver-metallic button with blue ring for releasing the flushing mechanism, silver-metallic button with red ring for triggering a freely definable function (The function button does not meet the requirements for an emergency call according to DIN VDE 0834-1)
- spiral cable with bare wire ends for wall connection
- including white cover for flush-mounted box
- control voltage max. 30 V = SELV, PELV, switching current up to max. 2 A
- suitable for all standard concealed cisterns with electrical control
- for wall mounting with wall-specific HEWI fixing material (must be ordered separately)
- sealing tape for sealing the fixing points is included in the scope of supply
- concealed fixing
- 900 mm projection, 259 mm high and 78 mm wide, 33 mm rail diameter
- made of high-quality polyamide by HEWI colour table
- toilet roll holder 801.50.011 and floor supports 950.50.021XA and 950.50.023XA for retrofitting
- produced in accordance with CE- and UKCA-Regulation (EU) 2017/745 on medical devices
- fulfils the ÖNORM B1600/1601 requirements
